The Constitution Gets a Lobby

Determined To Put America Back on Track

Think of the problems which could have been avoided if We The People had been watching our elected officials to make sure they were following the Rulebooks. Instead we are paying the price.

What if we could come together and get organized – professionally, legally and peacefully - to hold government accountable and right the wrongs which are hurting our people and America's future?

What if those among us who have a passion for Liberty could be trained to monitor government actions in every town, every city, every county, every state and in Washington D.C. – each day, each week, here on in...

Introducing The Constitution Lobby of New York Of, By and For The People - To Hold Government Accountable

Citizens in New York State are leading America to institutionalize citizen vigilance. It is only a matter of time before the People in **EVERY STATE will have their own Lobby** and Americans have a **MASSIVE NATIONAL LOBBY FOR LIBERTY**, uniting millions in peaceful defense of our federal and state Constitutions.

Show Your Support – Become a Founding Member

We need 5% of our state population or 800,000 people LIKE YOU willing to pay \$25 as annual membership dues to get the job done. The Constitution Lobby will be the most powerful voice in New York.

A Network of Freedom Keepers

- **1,240 Constitution Monitors** will be established across 62 counties acting as government watch-dogs, reporting violations of our Constitutions or City Charters;
- A permanent **Citizen Vigilance Center** –worthy of We The People – staffed by **Constitutional attorneys** to address governmental wrong-doing;
- **A membership kept informed on the issues** and determined to stand together to ensure constitutional governance carried out in decency and good order.
