1. The lands in Tps. 6 and 7 N., R. 69 W., have been patented without a reservation of minerals to the United States.

2. Beginning on January 11, 1958, the remaining lands will become subject to application, location, offer or selection under the public land laws, including the mining and mineral leasing laws. This revocation is made in furtherance of a proposed exchange under the act of March 20, 1922 (42 Stat. 465; 16 U. S. C. 485). Since this revocation is made in order to assist in a Federal land program, this opening is not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. 3. No application for these lands will be allowed under the homestead, desert land, small tract, or any other non-mineral public land law, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits and the lands will not be subject to occupancy or disposition until they have been classified and the application allowed.

4. Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Denver, Colorado.

Acting Director,  
Bureau of Land Management.
