CON-MECH ENGINEERS LTD., AND  
D. E. GIBBS

### Order Denying Export Privileges for an Indefinite Period

In the matter of Con-Mech Engineers Limited, 4 Southampton Place, London W.C.1, England, Mr. D. E. Gibbs, 4 Southampton Place, London, W.C.1, England, respondents.

The Director, Investigations Division, Office of Export Control, Bureau of International Commerce, U.S. Department of Commerce, has applied for an order denying to the above-named respondents all export privileges for an indefinite period because the said respondents refused to furnish answers to interrogatories and failed to furnish certain records and other writings specifically requested, without good cause being shown. This application was made pursuant to § 382.15 of the Export Regulations (Title 15, Chapter III, Subchapter B, Code of Federal Regulations).

In accordance with the usual practice, the application for an Indefinite Denial Order was referred to the Compliance Commissioner, Bureau of International Commerce, who after consideration of the evidence has recommended that the application be granted. The report of the Compliance Commissioner and the evidence in support of the application have been considered.

The evidence presented shows that the respondent Con-Mech Engineers Limited is a corporation located in London, England, and is engaged in manufacturing machinery of various types and also in importing and exporting machinery and machinery parts of various types, and that the respondent D. E. Gibbs is a Director of said firm and is its Export Manager. The aforesaid Investigations Division is conducting an investigation into the disposition by said Con-Mech of certain commodities exported to it from the United States. The respondents in oral interviews have failed to give satisfactory account of the disposition of said commodities. It is impracticable to subpoena the respondents, and relevant and material written interrogatories and request to furnish certain specific documents relating to the disposition of said commodities were served on them pursuant to § 382.15 of the Export Regulations. Said respondents have refused to furnish answers to said interrogatories or to furnish the documents requested, as required by said section, and they have not shown good cause for such refusal. I find that an order denying export privileges to said respondents for an indefinite period is reasonably necessary to protect the public interest and to achieve effective enforcement of the Export Control Act of 1949, as amended.

Accordingly, it is hereby ordered:

I. All outstanding validated export licenses in which respondents appear or participate in any manner or capacity are hereby revoked and shall be returned forthwith to the Bureau of International Commerce for cancellation.

II. The respondents, their representatives, agents, and employees hereby are denied all privileges of participating, directly or indirectly, in any manner or capacity, in any transaction involving commodities or technical data exported from the United States in whole or in part, or to be exported, or which are otherwise subject to the Export Regulations. Without limitations of the generality of the foregoing, participation prohibited in any such transaction, either in the United States or abroad, shall include participation, directly or indirectly, in any manner or capacity: (a) As a party or as a representative of a party to any validated export license application; (b) in the preparation or filing of any export license application or reexportation authorization, or any document to be submitted therewith; (c) in the obtaining or using of any validated or general export license or other export control document; (d) in the carrying on of negotiations with respect to, or in the receiving, ordering, buying, selling, delivering, storing, using, or disposing of any commodities or technical data in whole or in part exported or to be exported from the United States; and (e) in the financing, forwarding, transporting, or other servicing of such commodities or technical data.

III. Such denial of export privileges shall extend not only to the respondents, but also to their agents and employees and to any person, firm, corporation, or business organization with which they now or hereafter may be related by affiliation, ownership, control, position of responsibility, or other connection in the conduct of trade or services connected therewith.

IV. This order shall remain in effect until the respondents provide responsive answers, written information, and documents in response to the interrogatories heretofore served upon them or give adequate reasons for failure to do so, except insofar as this order may be amended or modified hereafter in accordance with the Export Regulations.

V. No person, firm, corporation, partnership or other business organization, whether in the United States or elsewhere, without prior disclosure to and specific authorization from the Bureau of International Commerce, shall do any of the following acts, directly or indirectly, or carry on negotiations with respect thereto, in any manner or capacity, on behalf of or in any association with the respondents or any related party, or whereby the respondents or any related party may obtain any benefit therefrom or have any interest or participation therein, directly or indirectly: (a) Apply for, obtain, transfer or use any license,

Shipper's Export Declaration, bill of lading, or other export control document relating to any exportation, reexportation, transshipment or diversion of any commodity or technical data exported or to be exported from the United States, by, to, or for any such respondent or related party denied export privileges; or (b) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport, finance, or otherwise service or participate in any exportation, reexportation, transshipment, or diversion of any commodity or technical data exported or to be exported from the United States.

VI. A copy of this order shall be served on respondents.

VII. In accordance with the provisions of section 382.15 of the Export Regulations, the respondents may move at any time to vacate or modify this Indefinite Denial Order by filing with the Compliance Commissioner, Bureau of International Commerce, U.S. Department of Commerce, Washington, D.C., 20230, an appropriate motion for relief, supported by substantial evidence, and may also request an oral hearing thereon, which, if requested shall be held before the Compliance Commissioner at Washington, D.C., at the earliest convenient date.

This order shall become effective on August 23, 1965.

Dated: August 18, 1965.

RAUER H. MEYER,  
Director, Office of Export Control.

### GOLD COIN AND GOLD BULLION Delivery to the U.S. Treasurer; Change in Requirements

AUGUST 13, 1965.

The Order of the Secretary of the Treasury of December 28, 1933, as supplemented and amended by the Orders of the Secretary of the Treasury of January 15, 1934, July 14, 1954 (19 F.R. 4331) and April 25, 1964 (29 F.R. 5556), required the delivery to the United States of gold bullion and gold coins situated in the United States, except gold coins having recognized special value to collectors of rare and unusual coin.

In my judgment the delivery requirements with respect to gold bars which can be established to have been of recognized special value to collectors of numismatic items since before April 5, 1933, are not necessary to protect the currency system of the United States.

Accordingly, by virtue of the authority vested in me by section 11(n) of the Federal Reserve Act, as amended, and the authority vested in me by section 3 of the Gold Reserve Act of 1934, as amended, I hereby amend the Order of the Secretary of the Treasury, as amended and supplemented, by adding at the end of section 1 thereof the following new sub-

paragraph F which exempts such gold bars from the delivery requirements of the order:

F. Gold bars which have been of numismatic value at all times since prior to April 5, 1933, held pursuant to a license granted under the Gold Regulations (31 CFR Part 54) by the Secretary of the Treasury or his delegate.

This amendment is effective upon publication in the FEDERAL REGISTER and is made without notice or public procedure thereon as such proceedings are deemed to be unnecessary.

(Sec. 3, 48 Stat. 2; sec. 3, 48 Stat. 340; 12 U.S.C. 248(n), 31 U.S.C. 442)

Secretary of the Treasury.
