DEPARTMENT OF THE TREASURY

Office of the Secretary

[Treasury Dept. Order 177-24]

**DIRECTORS, SECRET SERVICE AND
BUREAU OF ENGRAVING AND
PRINTING**

Delegation of Authority

1. Pursuant to the authority vested in the Secretary of the Treasury, including that vested in him by delegation from the Administrator of General Services, 32 F.R. 11968 (1967), and pursuant to the authority vested in me by Treasury Department Order No. 190 (Revision 4):

(1) Authority is hereby delegated to the Director of the U.S. Secret Service to appoint uniformed guards as special policemen and to make all needful rules and regulations for the protection of the Treasury Building and Treasury Annex, Washington, D.C.;

(2) Authority is hereby delegated to the Director of the Bureau of Engraving and Printing to appoint uniformed guards as special policemen and to make all needful rules and regulations for the protection of the Bureau of Engraving and Printing and Bureau of Engraving and Printing Annex, Washington, D.C.

2. This delegation shall be effective immediately and shall remain in effect until 12 noon on Monday, October 30, 1967.

3. This authority shall be exercised in accordance with the Act of June 1, 1948 (62 Stat. 281).

[SEAL] JAMES POMEROY HENDRICK,
Special Assistant to the
Secretary (for Enforcement).

OCTOBER 20, 1967.

DEPARTMENT OF HEALTH, EDU- CATION, AND WELFARE

Food and Drug Administration

[Docket No. FDC-D-106; NDA 30-579V]

MOORMAN MANUFACTURING CO.

**Nitrodan; Notice of Withdrawal of
Approval of New-Drug Application**

The Moorman Manufacturing Co., Quincy, Ill. 62301, the applicant for and holder of new-drug application No. 30-579V for the drug nitrodan (3-methyl-5-[p-nitrophenyl]azol]-rhodanine), has requested withdrawal of the approval of that application and thereby waived the opportunity for a hearing as provided for by section 505(e) of the Federal Food, Drug, and Cosmetic Act.

Nitrodan is an anthelmintic incorporated in cereal-type dog food for use as an aid in the control of dog hookworms (*Ancylostoma caninum* and *Uncinaria stenocephala*) and the common dog ascarid (*Toxocara canis*).

The firm has submitted information not available at the time the application form was approved indicating that the cereal-type formulation containing nitrodan is not efficacious for its intended use and requested that approval of their new-drug application No. 30-579V be withdrawn without prejudice to a future filing.

The Commissioner of Food and Drugs by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 505(e), 52 Stat. 1053, as amended; 21 U.S.C. 355(e)) and delegated to him by the Secretary (21 CFR 2.120), finds on the basis of new information evaluated together with the evidence available when new-drug application No. 30-579V was approved, that the application fails to contain substantial evidence that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling thereof.

Therefore, on the basis of the foregoing finding of fact and at the request of the applicant, the approval of new-drug application No. 30-579V applying to nitrodan is withdrawn without prejudice to a future filing, effective on date of signature of this document.

Dated: October 16, 1967.

J. K. KIRK,
Associate Commissioner
for Compliance.

[F.R. Doc. 67-12515; Filed, Oct. 23, 1967;
8:48 a.m.]

STAUFFER CHEMICAL CO.

**Notice of Filing of Petition
Regarding Pesticides**

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 8F0643) has been filed by the Stauffer Chemical Co., 1200 South 47th Street, Richmond, Calif. 94804, proposing the establishment of tolerances for negligible residues of the herbicide S-ethyl dipropylthiocarbamate in or on the raw agricultural commodities almond hulls, asparagus, castor beans, citrus, cotton forage, cottonseed, cucurbits, flaxseed, forage grasses, forage legumes, fruiting vegetables, grain crops, leafy vegetables, nuts, pineapples, root crop vegetables, safflower seed, seed and pod vegetables,

small fruits, strawberries, and sunflower seed at 0.1 part per million.

The analytical methods proposed in the petition for determining residues of the herbicide are: (1) Extraction from crop samples by direct steam distillation, followed by determination using a microcoulometric gas chromatographic technique with a sulfur detection cell; and (2) extraction from crop samples by direct steam distillation, followed by hydrolysis to dipropylamine which is converted to the cupric dithiocarbamate complex and determined spectrophotometrically at 440 millimicrons.

Dated: October 16, 1967.

J. K. KIRK,
Associate Commissioner
for Compliance.

ATOMIC ENERGY COMMISSION

STATE OF COLORADO

**Proposed Agreement for Assumption
of Certain AEC Regulatory Au-
thority**

Notice is hereby given that the U.S. Atomic Energy Commission is publishing for public comment, prior to action thereon, a proposed agreement received from the Governor of the State of Colorado for the assumption of certain of the Commission's regulatory authority pursuant to section 274 of the Atomic Energy Act of 1954, as amended.

A résumé, prepared by the State of Colorado and summarizing the State's proposed program, was also submitted to the Commission. With the exception of the referenced organizational chart, the Radiation Advisory Committee membership and a listing of laboratory and monitoring equipment, this résumé is set forth below as an appendix to this notice. A copy of the program, including proposed Colorado regulations, is available for public inspection in the Commission's Public Document Room, 1717 H Street NW, Washington, D.C., or may be obtained by writing to the Director, Division of State and Licensee Relations, U.S. Atomic Energy Commission, Washington, D.C. 20545. All interested persons desiring to submit comments and suggestions for the consideration of the Commission in connection with the proposed agreement should send them, in triplicate, to the Secretary, U.S. Atomic Energy Commission, Washington, D.C. 20545, within 30 days after initial publication in the FEDERAL REGISTER.

Exemptions from the Commission's regulatory authority which would implement this proposed agreement, as well as other agreements which may be entered
