The Income Tax Is On Trial...

The U.S. Income Tax System Goes On Trial February 27th!

HISTORIC HEARING ON INCOME TAX TO BE HELD IN WASHINGTON, DC

On July 20, 2001, U.S. Assistant Attorney General Dan Bryant and Congressman Roscoe Bartlett (MD) signed an historic agreement to hold a recorded, congressional-style meeting on Capitol Hill, in a public forum, at which American citizens for the first time will have the opportunity to challenge the legality of the personal income tax.

At this unprecedented hearing, The United States Department of Justice and the Internal Revenue Service will officially and publicly answer specific questions regarding the legal jurisdiction of the IRS and the improper and unlawful enforcement of the income tax laws against U.S. citizens. IRS Commissioner Charles Rossotti has committed IRS representatives to participate.

WHEN & WHERE:

Two full days beginning 9 a.m., February 27th, at the Rayburn House Office Building, Room 2320, Science and Technology Committee Room.

WHY WAIT TO FILE?

Decades of research and a substantial body of legal evidence indicate the IRS does not have the legal authority to force employers to withhold income taxes from paychecks and that Most American Citizens Have No Legal Obligation To File Returns Or Pay The Personal Income Tax.

If these facts are confirmed publicly during this hearing, you may be able to claim a refund for ALL income taxes withheld during 2001.

WAIT TO FILE SO YOU CAN JUDGE THE TRUTH FOR YOURSELF!

WHAT ARE SOME OF THE LEGAL QUESTIONS?

- 1) Why is the government unable to cite the specific U.S. law or regulation that legally obligates every American citizen to file returns or makes them liable for the income tax?
- 2) How can the government force you to waive your 5th Amendment (Miranda) rights – as you do – each time you sign and file your tax return under oath?
- 3) Why have the government and the courts repeatedly refused to acknowledge irrefutable evidence that the 16th (Federal Reserve and Income Tax) Amendment to the Constitution was ratified via fraud, and even if valid does not apply to the average citizen?
- 4) How can citizens be charged with a crime for failure to follow a law that is so complex and vague even government “experts” can’t explain it?
- 5) How can the IRS administratively seize your bank account or home without a valid court order, and in direct violation of your Constitutional right to due process of law?

Don't File Your 1040 Before February 27th!
