

Dear Government, Obey the Constitution, or else

Think about it. What are the consequences for life in America without adherence to the Rule Book – the United States Constitution?

The Constitution is all that stands between the People and total government tyranny and despotism. It is a set of principles meant to restrain our servant government and guarantee the People's unalienable, God-given rights.

The Constitution does not defend itself. We, the American People must defend it.

We the People are presently confronted by what numerous credentialed experts agree is an unconstitutional income tax system, an unconstitutional Federal Reserve System, an unconstitutional U.S.A Patriot Act and an unconstitutional collusion between the President and the Congress to commit the armed forces of this nation into foreign hostilities without a formal Declaration of War.

If and when the institutions of the Congress and the Courts fail to protect the People from tyrannical acts, the People must rely on the 1st Amendment's guarantee of our unalienable right to Petition for Redress of Grievances and the government's obligation to respond.

Freedom Drive 2002 is a nationwide event to get the People to recognize the wisdom and the importance of our Right to Petition for Redress of Grievances and how to use it as both a shield and a sword against government when government steps outside the boundaries the People have drawn around its power.

Freedom Drive 2002 began on October 7, 2002 with the posting of four Petitions for Redress of Grievances on our website. Thousands of signatures have already been affixed to these Petitions. We expect many more to agree with and sign the Petitions in the coming days. On November 7, 2002, those Petitions will be served on all 535 members of Congress and the President.

On November 8, 2002, the People will begin to caravan from the west coast to Washington, DC. The caravan will grow in numbers as it approaches Washington, DC.

On November 14th, People from all over the country will peaceably assemble at the Washington Monument to await the government's response to our petitions. If the government fails to respond, the People will be justified in taking stronger measures aimed at bringing the government back under the control of the People and our Constitution.

*Sincerely,
We The People*
