TUNERS (OF THE TYPE USED IN CONSUMER ELECTRONIC PRODUCTS) FROM JAPAN

Tentative Determination To Modify or Revoke Dumping Finding

A finding of dumping with respect to tuners (of the type used in consumer electronic products) from Japan was made in Treasury Decision 70-257 which was published in the FEDERAL REGISTER on December 12, 1970 (35 FR 18914).

After due investigation, it has been determined, tentatively, that tuners (of the type used in consumer electronic products) exported by Victor Company of Japan, Ltd. are not being, nor are likely to be, sold in the United States at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.). The investigation indicated that no sales have been made at less than fair value by the above firm since the finding of dumping, and assurances have been given that future sales of such tuners to the United States will not be made at less than fair value.

Accordingly, notice is hereby given that the Department of the Treasury intends to modify the finding of dumping with respect to tuners (of the type used in

consumer electronic products) from Japan to exclude the tuners sold by Victor Company of Japan, Ltd., from the finding.

In accordance with § 153.37, Customs Regulations (19 CFR 153.37), interested persons may present written views or arguments, or request in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street, N.W., Washington, D.C. 20229, in time to be received by his office not later than February 3, 1975. Such requests must be accompanied by a statement outlining the issues wished to be discussed.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office on or before February 21, 1975.

This notice is published pursuant to § 153.41(c) of the Customs Regulations (19 CFR 153.41(c)).

Dated: January 16, 1975.

[Serial No. I-9110]

IDAHO

Proposed Withdrawal and Reservation of Lands

JANUARY 15, 1975.

The Department of Agriculture has filed an application, Serial Number I-9110, for the withdrawal of lands described below from all location and entry under the mining laws but not the mineral leasing laws, subject to valid existing rights.

The applicant desires the land for development of a ponderosa pine seed orchard in cooperation with other Federal, State and local agencies. The ultimate objective of the project will be to improve forest trees through development of superior seedling stock for reforestation.

On or before February 21, 1975, all persons who wish to submit comments, suggestions or objections in connection with the proposed withdrawal, may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, Room 398, Federal Building, 550 W. Fort Street, P.O. Box 042, Boise, Idaho 83724.

The authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources.

He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

He will also prepare a report for consideration by the Secretary of the In-
