TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

Subchapter A—Marketing Orders [Valencia Orange Reg. 41]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.341 *Valencia Orange Regulation 41—(a) Findings.* (1) Pursuant to Order No. 22 (19 F. R. 1741), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective March 31, 1954, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Valencia Orange Administrative Committee held an open meeting on June 23, 1955, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to

the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., June 26, 1955, and ending at 12:01 a. m., P. s. t., July 3, 1955, is hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 415,800 boxes;
 - (iii) District 3: Unlimited movement.
- (2) Valencia oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(3) As used in this section, "handled," "handler," "boxes," "District 1," "District 2," and "District 3," shall have the same meaning as when used in said order.

TELEVISION BROADCAST STATION; TABLE OF ASSIGNMENTS

NOTICE OF ORAL ARGUMENT

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations.

1. On June 9, 1955, the Commission released its Order scheduling oral argument in the above-entitled proceedings.

The Commission advised that oral argument would be heard before the Commission en banc on June 27 and 28, 1955, in Room 8121, New Post Office Building, Washington, D. C. All parties eligible to participate in the oral argument were requested to notify the Commission in writing by June 15, 1955, of their intention to participate.

2. Upon examination of the Notices of intention to participate, we do not believe that a conference of the parties will be necessary to arrange the allocation of time and to schedule the order of argument. The order of argument is set forth below. Parties will be afforded a maximum of 20 minutes for argument. However, in light of the many participants, the Commission hopes that parties with similar views will make suitable arrangements for sharing the allotted time and will avoid duplication of arguments. The time for the commencement of the argument is being moved up from 10:00 a. m. to 9:30 a. m. on June 27, 1955.

3. Any party eligible to participate in the oral argument who is not listed below setting forth the order of argument, should notify the Chief, Rules and Standards Division of the Commission's Broadcast Bureau by June 24, 1955.

Adopted: June 20, 1955.

Released: June 21, 1955.
