The areas described aggregate 300 acres.

The lands are located about 3 miles southwest of Samaria in Oneida County, Idaho, at an elevation of about 5,000 feet above sea level. The topography is rolling to rough. The lands are considered to be suitable for only the grazing of livestock and big game.

No application for these lands will be allowed under the homestead, desert land, small tract, or any other nonmineral public land law, unless the lands have already been classified as valuable, or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

Subject to any existing valid rights and the requirements of applicable law, the lands described in parcels 1 and 2 hereof, are hereby opened to filing of applications, selections and locations in accordance with the following:

a. Application and selections under the nonmineral public land laws and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. (2) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraph (1) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a.m., on February 24, 1961, will be considered as simultaneously filed at that hour. Rights under such applications and selections

filed after that hour will be governed by the time of filing.

b. The lands in Parcel 2 were reconveyed to the United States with a reservation of the oil and gas deposits to the grantor and will not be open to offers to lease for oil and gas, but they will be open for location, lease or sale of all other minerals under applicable law beginning at 10:00 a.m., on February 24, 1961.
