### DIAMOND TIPS FOR PHONOGRAPH NEEDLES FROM UNITED KINGDOM

#### Determination of Sales at Less Than Fair Value

NOVEMBER 17, 1971.

Information was received on November 30, 1970, that diamond tips for phonograph needles from the United Kingdom were being sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act").

A "Withholding of Appraisement Notice" issued by the Commissioner of Customs was published in the FEDERAL REGISTER of August 21, 1971.

I hereby determine that for the reasons stated below, diamond tips for phonograph needles from the United Kingdom are being, or are likely to be, sold at less than fair value within the meaning of section 201(a) of the Act.

Statement of reasons on which this determination is based:

Information currently before the Bureau reveals that the proper basis of comparison is between purchase price or exporter's sales price, as appropriate, and home market price of such or similar merchandise.

Purchase price was calculated by deducting the cash discount and any included freight charges and U.S. duties

from the price for exportation to the United States.

Exporter's sales price was calculated by deducting the cash discount, freight charges, and U.S. duty from the resale price of the related firm to the U.S. purchasers.

The home market price was calculated on the basis of a weighted average of home market prices or based on the home market price list, as appropriate. A deduction was made for the cash discount from some home market sales, as appropriate, in calculating the weighted average prices.

Purchase price or exporter's sales price, as appropriate, was found to be lower than the home market price of such or similar merchandise.

The U.S. Tariff Commission is being advised of this determination.

This determination is being published pursuant to section 201(c) of the Act (19 U.S.C. 160(c)).

[SEAL] EUGENE T. ROSSIDES,  
Assistant Secretary of the Treasury.
