SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 240]

GENERAL RULES AND REGULATIONS UNDER
SECURITIES EXCHANGE ACT OF 1934;
SOLICITATION OF PROXIES

INFORMATION TO BE FURNISHED SECURITY
HOLDERS

Notice is hereby given that the Securities and Exchange Commission has under consideration the following proposal for the amendment of its proxy rules under the Securities Exchange Act of 1934.

Rule X-14A-3 requires that security holders be furnished an annual report prior to or concurrently with the solici-

tation of proxies for any annual meeting involving the election of directors. It is proposed to amend this rule so as to provide that where one or more fiscal quarters have elapsed before the meeting is held, security holders shall also be furnished a report covering such quarter or quarters. The purpose of this proposed amendment is, of course, to provide security holders with reasonably up-to-date information in those cases where a considerable period of time elapsed between the end of the fiscal year covered by the annual report and the date of the annual meeting. The text of the rule as so amended would read as follows:

§ 240.14a-3 *Information to be furnished security holders.* (a) No solicitation subject to this section shall be made unless each person solicited is concurrently furnished or has previously been furnished with a written proxy statement containing the information specified in Schedule 14A.

(b) If the solicitation is made on behalf of the management of the issuer and relates to an annual meeting of security holders at which directors are to be elected, each proxy statement furnished pursuant to paragraph (a) of this section shall be accompanied or preceded by an annual report to such security holders containing such financial statements for the last fiscal year as will, in the opinion of the management, adequately reflect the financial position and operations of the issuer. If the meeting is to be held more than 60 days after the close of any one or more quarters of the succeeding fiscal year, a report for such quarter or quarters shall also be transmitted to security holders not later than the date the quarterly report on Form 9-K is required to be filed for such quarter or the latest of such quarters and shall include such financial statements as will reflect operations and changes in surplus during the period. Such annual or other reports, including

financial statements, may be in any form deemed suitable by the management.

(c) Paragraph (b) of this section shall not apply to solicitations made on behalf of the management before the financial statements to be contained in the annual report to security holders are available if solicitations are being made at the time in opposition to the management and if the management's proxy statement includes an undertaking in bold-face type to furnish such annual report to all persons solicited, at least twenty days before the date of the meeting.

(d) Three copies of each annual or other report sent to security holders pursuant to this section shall be mailed to the Commission, solely for its information, not later than the date on which such report is first sent or given to security holders or the date on which preliminary copies of solicitation material are filed with the Commission pursuant to § 240.14a-6 (a) (Rule X-14A-6 (a)), whichever date is later. Such reports are not deemed to be "soliciting material" or to be "filed" with the Commission or otherwise subject to this section or to the liabilities of section 18 of the act, except to the extent that the issuer specifically requests that they be treated as a part of the proxy soliciting material or incorporates them in the proxy statement by reference.

All interested persons are invited to submit data, views and comments on the above mentioned proposal in writing to the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., on or before November 10, 1952.

By the Commission.

[SEAL] ORVAL L. DuBois,
Secretary.
