Dear Friend of Freedom:

We The People Foundation For Constitutional Education would like to make you aware of an historic event that will take place next month in Washington, DC.

On February 27th and 28th, in a recorded, public hearing on Capitol Hill, officials of the Internal Revenue Service and Department of Justice will stand before the American people and answer in-depth questions regarding the unconstitutional origin of the IRS, the unlawful administration and enforcement of the IRS Code, and the role of the courts in permitting this long-standing fraud against American citizens. The American people will be represented at the hearing by a distinguished panel of constitutional attorneys, patriotic government and ex-government officials, and leading tax researchers. Millions of honest, law-abiding citizens will finally learn the whole truth about the morally corrupt, coercive income tax system that has turned virtually every working American into an economic slave of the federal government.

For more than three years, the Foundation has formally and very respectfully challenged the Department of Justice and the Internal Revenue Service to answer substantial, credible questions regarding the legal authority of the IRS to force employers to withhold the tax from the paychecks of their employees and to force most Americans to file a tax return and to pay the tax. The government evaded every opportunity to answer this call for truth from the American people. Finally, on July 20, 2001, with support from a great American patriot, U.S. Congressman Roscoe Bartlett (R-Md.), IRS Commissioner Rossotti and U.S. Assistant Attorney General Dan Bryant agreed to have experts from their agencies answer our questions. On February 27, 2002, the American people will have our day in court. We will ask the Department of Justice and the IRS to identify the specific law that gives the IRS jurisdiction and authority to collect the personal income tax, ignore the U.S. Constitution and Bill of Rights, and trample on the God-given freedoms of every American.

We The People Foundation For Constitutional Education is a not-for-profit, private, educational foundation. No person associated with the Foundation receives any form of compensation. We need your financial support to bring the "Wait To File" ad to the attention of tens of millions of Americans. You have received the ad as part of a very large direct mail project. We now need to run the ad in major newspapers, and to notify other print and broadcast media of the upcoming hearing in Washington.

Besides your financial assistance, you can help by contacting your congressional representative to ask for his or her participation in and support of the hearing. Write letters to the editor of your local paper. Share this information with television and radio stations in your area. Send the enclosed ad to everyone you know.

Please visit our web site www.givemeliberty.org to learn more about the Foundation and how you can join us in this cause—the eternal cause of freedom.

Respectfully,

/S/

Robert L. Schulz
Chairman
